Description

With up to 250 lbs. of resistance, Precision System™ Components and customizable features-like an adjustable preacher pad and seats-the Weider Pro 4300 makes getting great results easier than ever. This system combines a 125 lb. DuraStack™ weight stack, Precision System™ bushings and bearings and six different body-sculpting stations, to give you the smoothest, most fluid workouts possible, no matter your strength-training goals. So, regardless of whether you're looking to build and tone your upper body, lower body or entire body-the Pro 4300 gives you everything you need to make it happen.
